

Datel Bundled Business Solutions provide a great way of combining all the basic IT services that businesses of all sizes require into one solution.

Obtaining your Broadband, Web Hosting, E-mail and Anti-Virus Products from one supplier, on one bill, has enormous benefits. Cheaper overall pricing, one point of contact for ordering and support, easier administration with one simple invoice every month – the list is endless.

Our packages are customised to provide your business with the essential IT tools it needs to allow you to concentrate on doing what you do best.

Each bundled solution product provides the following services:

- Datel Connect 20MB Fast Broadband
- Datel Business Web Hosting – Windows Or Linux
- MailAnytime Business Hosted Exchange E-Mail
- Datel Datastore Online Data Backup
- Award winning Trend Anti-Virus software
- Free product upgrades and migrations
- Bespoke packages available
- One easy to understand bill for all your services!
- UK based support for all the above products

Datel Bundled Business Solutions will deliver the services you need while taking away the hassle of dealing with multiple providers and trying to administer multiple accounts from several suppliers.

Simplicity, reliability, security and availability underpin all the solutions we offer. Datel have years of experience in providing solutions like these to business just like yours. Isn't it time you found out why ?
